SUMMARY

Product Design Lead with 11 years across product, government, banking, and film. Owns design strategy for 8 partner growth programs at Agoda. Builds and leads design teams of up to 3 designers. Bridges business and design from 0-to-1 platform launches to enterprise-scale redesigns.

EXPERIENCE

Product Design Lead | Agoda | Bangkok, Thailand

Oct 2025 - Present

- Led a team of 3 product designers after scaling from solo IC to manager in the first quarter
- Owned design strategy for 8 partner growth programs; the portfolio reported \$521M+ in 2025 revenue before the hub redesign. Established 4 co-owned program tenets and lifecycle design patterns
- Aligned Product and Commercial leadership on a shared product experience vision

Senior Product Designer | Agoda | Bangkok, Thailand

Aug 2022 - Oct 2025

- Led design for Discounting 2.0, addressing a major partner complaint and reducing handle time by 3%, with 1.5 years of reported ongoing impact
- Led 0-to-1 design for Engineering tools / DevOps platforms, cutting service creation from 2 days to 6 minutes (SUS 61.9 to 68.8)
- Led design for Data pipeline platforms supporting internal analytics and reporting across the organization
- Drove a Design Pattern initiative that standardised practices across a team of 8 designers

UX Designer | Government Technology Agency | Singapore

Jul 2019 - Aug 2022

- Grew design capacity from 1 to 3 designers across 3 product tracks
- Led 0-to-1 design for a Data subscription platform, streamlining request and approval workflows across 5+ government agencies
- Led 0-to-1 design for a web-based data visualisation platform serving 1,000+ internal users
- Led design for a fraud detection platform processing 10,000+ cases annually for government agencies
- Led 0-to-1 design for a Speech-to-Text platform adopted by 3 government agencies for auto-transcription

UX Designer | OCBC Bank | Singapore

Aug 2018 - Jul 2019

- Delivered UX for enterprise web and mobile platforms serving 30,000+ internal banking staff
- Led consolidation of a forms request platform, reducing form processing time by 40% across departments
- Designed the HR in your Pocket mobile experience for overtime and expense claims used by 30,000+ employees
- Delivered HTML/CSS enhancements for internet and mobile banking serving 5M+ retail customers

Look Development Designer | Lucasfilm | Singapore

Aug 2015 - Jul 2018

- Delivered look development and colour palettes for 4+ Hollywood feature films under tight production deadlines
- Partnered across VFX, lighting, and art to deliver 50+ shots per film
- Presented design concepts to directors and VFX supervisors using established visual principles
